4. FIRST AID MEASURES

First aid measures

General advice

If symptoms persist, call a physician. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing.

Skin Contact

Consult a physician if necessary. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Immediate medical attention is not required. If skin irritation persists, call a physician.

Eye contact

Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 10 minutes. Keep eye wide open while rinsing upper and lower lids. Call a physician.

Inhalation

Remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician. If breathing is irregular or stopped, administer artificial respiration. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. Immediate medical attention is not required. If symptoms persist, or victim is unconscious, call a physician immediately. Maintain an open airway. Loosen tight clothing such as collar, tie, belt or waistband. Move to fresh air in case of accidental inhalation of vapors or decomposition products.

Ingestion

Get medical attention immediately. Call a poison center or physician. Do NOT induce vomiting. Aspiration hazard. May enter lungs and cause damage. If vomiting occurs, keep head below hips to prevent aspiration into lungs. Rinse mouth with water. Never give anything by mouth to an unconscious person. Call a physician immediately.

Self-protection of the first aider

Use personal protective equipment as required. May be hazardous to give mouth-to-mouth resuscitation.

Most important symptoms and effects, both acute and delayed

Symptoms

Any additional important symptoms and effects are described in Section 11: Toxicology Information.

Indication of any immediate medical attention and special treatment needed

Note to physicians

If ingested, presents significant aspiration hazard. Induction of emesis is not recommended. Consider activated charcoal and/or gastric lavage. If patient is obtunded, protect the airway by cuffed endotracheal tube or by placement of the body in a Trendelenburg and left lateral decubitus position.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media

Use method suitable for the surrounding fire.

Unsuitable extinguishing media Caution: Use of water spray when fighting fire may be inefficient. Do not use.

Specific hazards arising from the chemical

Keep product and empty container away from heat and sources of ignition. Risk of ignition. If container is heated pressure may build and container may burst.

Explosion data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions

Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Remove all sources of ignition. Pay attention to flashback. Take precautionary measures against static discharges. Use personal protective equipment as required.

Environmental precautions

Environmental precautions

Prevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system. Prevent further leakage or spillage if safe to do so. Prevent product from entering drains.

Methods and material for containment and cleaning up

Methods for containment

Prevent further leakage or spillage if safe to do so.

Methods for cleaning up

Cover liquid spill with sand, earth or other non-combustible absorbent material. Cover powder spill with plastic sheet or tarp to minimize spreading. Pick up and transfer to properly labeled containers. Dam up. Soak up with inert absorbent material. Take precautionary measures against static discharges.

7. HANDLING AND STORAGE
