**Eye contact**

Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 10 minutes. Keep eye wide open while rinsing upper and lower lids. If symptoms persist, call a physician.

<b>Inhalation</b>	Remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician. If breathing is irregular or stopped, administer artificial respiration. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. Immediate medical attention is not required. If symptoms persist, or victim is unconscious, call a physician immediately. Maintain an open airway. Loosen tight clothing such as collar, tie, belt or waistband. Move to fresh air in case of accidental inhalation of vapors or decomposition products.
<b>Ingestion</b>	Get medical attention immediately. Call a poison center or physician. Do NOT induce vomiting. Aspiration hazard. If vomiting occurs, keep head below hips to prevent aspiration into lungs. Rinse mouth with water. Never give anything by mouth to an unconscious person. Call a physician immediately.
<b>Self-protection of the first aider</b>	Use personal protective equipment as required. May be hazardous to give mouth-to-mouth resuscitation.
